

## **What you need to know about WSG Gallery and our Visiting Artist Program**

WSG gallery is an artist-owned cooperative. The artist owners are responsible for selecting the artwork and running the gallery. We look for exceptional work which will create an interesting mix of concept and media in the gallery.

Each new show is publicized with postcard mailings, e-publicity, social media and local press releases. We also host a Friday evening reception – a fun party to which we encourage our artists to invite family, patrons, and friends.

Our shows are 6 weeks long except for the Holiday Show and the 16+16 Show, which are shorter. Each Visiting Artist signs a contract for 4 consecutive shows (approximately 6 months).

Visiting Artists may bring in new work for each new show. 2D Visiting Artists have 6 feet of wall space (*line up your work on the floor, horizontally, without any spaces between- measure 6 feet or 72 inches*). For 3-D work, each artist has 3-4 pedestals. When a work is sold, we will call the artist so that a replacement may be brought in.

The cost is \$375 per show. The gallery takes 35% of sales during the time the work is displayed, and for 60 days after the contract period for sales that are a result of being shown at WSG.

## **How to apply for the Visiting Artist Program**

- Send a check for \$25, made out to WSG Gallery, along with an Artist Statement, images of your work via CD or link to a website. Please include details about the images: size, media, title, and price.

- You may hand deliver this information or mail it to us at: 306 S Main St Ann Arbor MI 48104

- If the review committee determines that the work is a good fit for WSG, we will ask you to bring in several pieces of the work you will be presenting at the gallery for a final review.

Our customers often ask for information about the artist whose work they have just purchased. It is much appreciated when we can go to your folder and pull out an information sheet on you and your work. When accepted as a Visiting Artist, please give us 5 or 6 copies of your bio or statement for this purpose.

The Visiting Artist program enriches the offerings of the gallery. We look forward to working with you and displaying your artwork!
